

 **INSPECTION REPORTS**

How to use your Inspection Reports

GETTING REPORTS

- > Go to <https://northstarfire.com/services/building-and-fire-service-reports> and select **ACCESS YOUR BUILDING AND FIRE SERVICE REPORTS**
- > This will open the login page for your inspection report(s). Enter the user ID and password supplied by your Northstar Fire Protection inspectors.
- > Once logged in, select the **Get My Reports** icon from the navigation. This will bring up the Inspection Log search page.

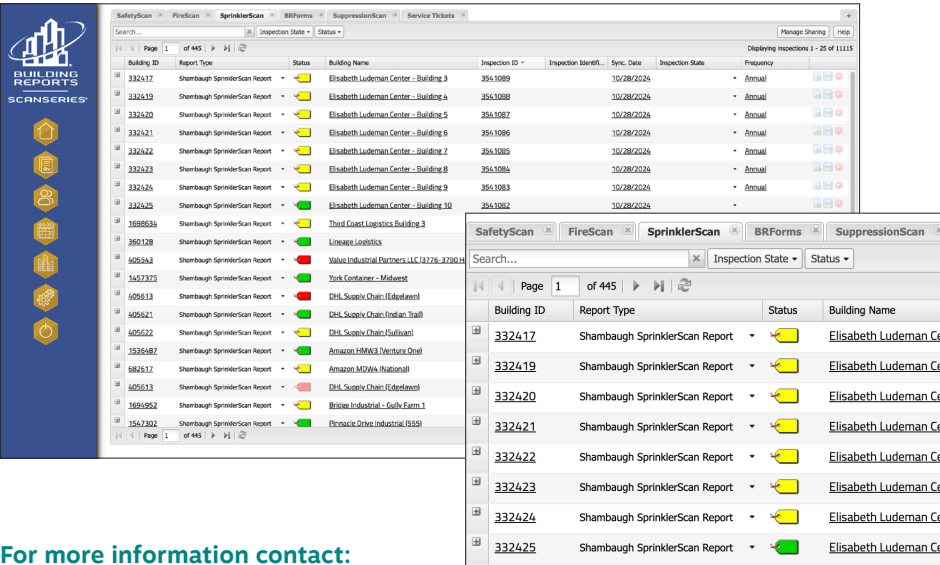

Searching for an Inspection Log

1. Select the tab at the top of the page that corresponds with the report type you are looking for. Example device types found under each tab include:
 - > FireScan – fire alarms
 - > SafetyScan – extinguishers
 - > SuppressionScan – hood systems, dry systems
 - > BRForms – custom forms
 - > SprinklerScan – sprinklers
2. Type the name of the building in the field below the tabs and a list of matching buildings will automatically populate in the results list below.

3. Each column is sortable to help you find a specific building or report. ***** Are you Joint Commission Accredited? Be sure to select the “FireScan TJC Healthcare Report” *****
4. Using the icons to the far right of the report, you can:
 - > E-mail the report to yourself as an attachment.
 - > Download the report in PDF format.
5. To view the report online, click the name in the “Building Name” column to open in a new tab. When finished, click on the X to close the tab.

The status of each report is indicated in the Inspection Log. The colored flags indicate whether there are any actions needed within your report.

- > **Green = Passed;** no discrepancies
- > **Yellow = Passed;** notes and recommendations have been found
- > **Red = Failed;** discrepancies were found and have not been corrected. Further action is required.
- > **[Faded Color] =** This is not the most recent inspection report for this building.
